

Isolation Pipe Hangers

Armaclip - Specifically designed for the HVAC industry

INTRODUCTION

Employing experience gained with Armacork antivibration pad Armadillo VSC have developed a useful product for isolating pipe work from hangers.

Specifically designed for the HVAC industry the Armaclip Clip Strip covers a wide range of sizes to combat the problem of pipe isolation.

Features and Benefits

- Reduces transmission of noise and vibration in pipe work.
- Covers temperatures to 120 degrees C
- Recessed section to give strap a positive location.
- Sizes to suit pipe straps from 12.5mm to 150 mm width.
- Easily cut to length to reduce waste.
- Gives positive clamp pressure.
- Resists pulsation fretting on the clamp strap and pipe.
- Stops electrolytic damage between dissimilar metals.

Density	700Kg per Metre cube
Hardness (IRHD)	70 ± 5°
Coefficient of Friction	
Dry	0.8
Wet	0.5

Maximum working temperature 100°C continuous

Part Code	Base Thickness A	Clip Width B	Recess Depth R	Wall Width W
ACS 125	3	12.5	1.5	3
ACS 190	3	19	1.5	3
ACS 250	5	25	2.5	6
ACS 320	5	32	2.5	6
ACS 400	6	40	2.5	6
ACS 500	6	50	2.5	6
ACS 640	6	64	2.5	6
ACS 750	9.5	75	5	12.5
ACS 1000	9.5	100	5	12.5
ACS 1250	9.5	125	5	12.5
ACS 1500	12.5	150	6	19
